Voronoi I Pendant

By Tala

Description

The Voronoi I Pendant features a unique look with a socket in wood or metal paired with the Voronoi I LED Bulb by Tala. The bulb's irregular, organic shape is inspired by the naturally occurring Voronoi pattern seen in giraffes' coats or certain cell structures. A spiraling LED filament, inspired by the Fibonacci sequence, and iron-tinted glass create a warm, amber glow that will enhance any interior.

Shown in oak / clear tinted
