

BRAND

Quoizel

DESCRIPTION

The Ballard Island Chandelier features gently swooping lines and an open frame. The simple framework is finished in a Dark Cherry with Bronze undertones, in artful contrast to the painted Brass candle sleeves. The center stem provides dedicated task lighting while the surrounding candles set the mood, making this a perfect candidate for multi-functional spaces. Includes four 6 inch and four 12 inch downrods. Slope ceiling compatible. Fixture depth is 14 inches. ETL listed for damp locations.
