Sabre Island Chandelier

By Quoizel

Description

The Sabre Island Chandelier makes a dramatic statement with its modern bridge-like design. Two flat arcing beams span the length of the fixture and add depth to the rectangular shape of the body. The integrated LED light source is housed underneath a White acrylic shade. The Brushed Nickel finish is continued on the rods and canopy culminating in a completed work of art. Includes four 6 inch and four 12 inch downrods. ETL rated for damp locations.

Shown in brushed nickel / white
