DESCRIPTION

The Vessel LED is a wireless nomad LED lamp that has a retractable wooden handle so you can take it anywhere you want. With its Japanese lantern style, it instills a relaxing, scenery-change effect. Switch on your light object, customize its look and let it whisk you off to realm of colors. Let it work its magic outdoors, on your terrace or around your pool, to add a bright, welcoming touch to your summertime evenings. Its up-to-the-minute, elegant lines will definitely wow your guests. Let your imagination and desires run free with the myriad of options the SmartMesh app offers so you can delight in unforgettable moments. Designed to be ever-so easy to use so that everyone can control it using Bluetooth MESH technology. A few clicks are all it takes to change the atmosphere and schedule when your lamps should be turned on and off with your smartphone or tablet. As you'll have figured lighting your terrace has never been so easy. Available in three sizes. Six hour charge time and 6-8 hours lamp life per charge. CE listed. Wet location rated.
