

BRAND

Minka Aire

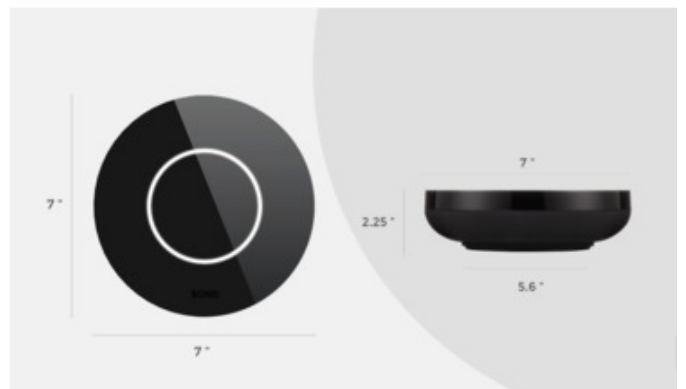

DESCRIPTION

The Bond Home Smart Wifi Hub is a wireless device that allows you to connect your Minka Aire ceiling fans to smart home products like Amazon Echo or Google Home, and enables you to control the fans using smartphones and tablets. Featuring both RF and IR capabilities, it works with any remote-controlled ceiling fan even those that are not already smart home-enabled and requires no rewiring. The Bond's sleek form factor makes it an attractive addition to any room in the house. Through a free, easy-to-use app, it connects to your home Wi-Fi network in minutes. The Bond integrates seamlessly with smart home hubs and works with smart speakers like the Amazon Echo and Google Home to enable voice control of any ceiling fan. Up to 30 devices can be hooked up to the Bond Hub.
