## Aplomb Pendant By Foscarini

### Description

The Aplomb Pendant offers direct downlighting for your space, whether used individually or in multiples suspended over a larger area. Its elegant, simple form balances out the chunky solidity of the textured cement composition, demonstrating a rough yet refined aesthetic. Pigments are added directly into the cement mix to achieve rich color, and the mix is hand-cast into a mold. The White pendant includes a white canopy, and the other colors include a black one. All pendants have a clear cord. The canopy mounts over a standard US junction box. Note: The 4.75 inch width pendant is not available in some colors.

Shown in olive green

### Specifications

|                   |                            |
