Filo Table Lamp

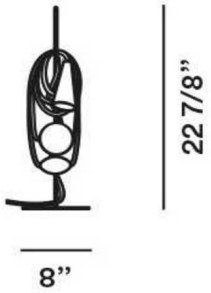

By Foscarini

Description

The whimsical Filo Table Lamp comes from the desire to display the individual parts that go into a lamp the light source, decoration and electrical wiring bringing out their structural and aesthetic characteristics. A wide range of colors enlivens the lamp with multiple identities, from watercolor tones to transparent hues of Murano glass to fluorescent tones of contemporary cityscapes. The two decorative elements are made of hand-crafted glass. The Off White cone, which contains the retrofit LED bulb, is made of china. On/off switch on cord.
