## Filo Wall Light

By Foscarini

### Description

The whimsical Filo Wall Light comes from the desire to display the individual parts that go into a lamp- the light source, decoration, and electrical wiring, bringing out their structural and aesthetic characteristics. A wide range of colors enlivens the lamp with multiple identities, from watercolor tones to transparent hues of Murano glass to fluorescent tones of contemporary cityscapes. The two decorative elements are made of hand-crafted glass. The Off White cone, which contains the retrofit LED bulb, is made of china.
