Calipso Wall / Ceiling Light

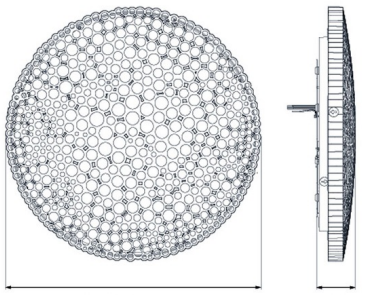

By Artemide

Description

The Calipso Wall / Ceiling Light presents a unique and captivating aesthetic, born from an extraordinary design process. Its distinctive honeycomb grill was ingeniously generated by feeding a photo of the moon into a seemingly extinct computer's image-based algorithm. The result is a fractal shape, an impure geometry that beautifully displays the irregular perfection found in nature.This intricate pattern is built from different diameter tubes, seemingly arranged in a random geometry, creating a visually compelling surface that enhances the light's emission. Beyond its stunning appearance, the Calipso provides an incredibly even and comfortable light emission, ensuring a soft and welcoming glow without harsh glare.Equipped with an integrated LED light source, this fixture offers energy-efficient and long-lasting illumination.

Specifications

COLOR	N/A
BODY FINISH	White
WATTAGE	58W
DIMMER	0-10V
DIMENSIONS	20.7"W x 20.7"H x 3"D
INTEGRATED LED MODULE	1 x LED/58W/120-277V LED
COUNTRY OF ORIGIN	Italy

Technical Information

LAMP LIFE	50000 hours
COLOR RENDERING	90 CRI
LAMP COLOR	2700K
LUMENS/WATT	49.72
LUMINOUS FLUX	2884 lumens
