Jilly Wall Light By Besa Lighting

Description

The Jilly Wall Light features a contemporary design composed of a transparent Amber, Clear or Smoke glass globe, with a mysterious vaporlike patterning throughout the glass to partially conceal the inner portion of the shade. The globes rest on a smooth bracket finished in Satin Nickel. The play of light through the vapor glass makes for a pleasing optical affect, enhanced by the exposed light source positioned inside the shade. Can be mounted with glass shades point up on down. UL listed for damp locations. Title 24 compliant.

Shown in satin nickel / amber vapor

1WC: 6.5*L
