Mies Chandelier

By Modern Forms

Description

Inspired by Ludwig Mies van der Rohe, a pioneer of modern architecture, the Mies Chandelier embraces a minimalist aesthetic with its open geometric frame and sleek LED lighting. The hexagonal aluminum ring features a clean metallic finish and emits light through silicone diffusers, providing ambient illumination for your dining room, foyer, or other contemporary setting. The pendant appears to float effortlessly, suspended on unobtrusive electrified cables. It includes a universal driver and can be dimmed with a TRIAC, ELV, or 0-10V dimmer, sold separately.

Specifications
