

BRAND Modern Forms

DESCRIPTION

Whether you think of gyroscopes, the atomic structure, or da Vinci's L'Uomo Vitruviano, the Kinetic Chandelier has deep roots in science, exemplified by brilliant edge-lit LED panels with silicone diffusers that broadcast 360-degrees of seamless, even light. Even better, those rings are rotatable for a personalized look. Slope ceiling adaptable. Hang straight swivels up to 90 degrees. 120-277V driver concealed within the canopy, dimmable with a 0-10V dimmer, sold separately. Available in three sizes with a Black or Titanium finish. Note: 60 Inch version requires a UL approved J-Box with a max 200 pounds to hang due to weight of fixture.

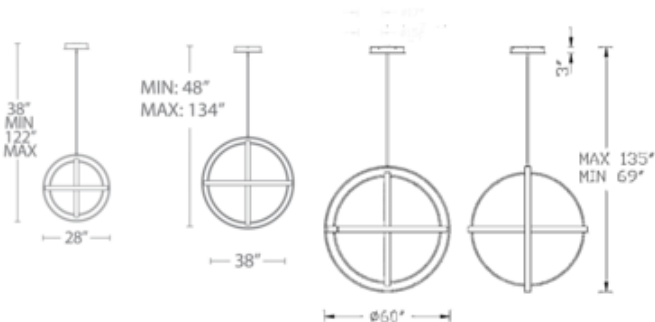

Shown in: Black
