Chaos Chandelier

By Modern Forms

Description

Like piano keys falling through the air, the Chaos Chandelier freezes a moment in time with breathtaking elegance. Ultra-thin powered aircraft cables stabilize the suspension, holding everything in place with as little visual interference as possible. Each section of this sculptural form is equipped with consistent, highly efficient LEDs for refined illumination throughout. Can be used on a sloped ceiling. Dimmable via Triac, electronic low voltage (ELV) or 0-10V dimming. Note: 61inch option requires a junction box for fixtures weighing over 50 pounds.
