Fan Downrod

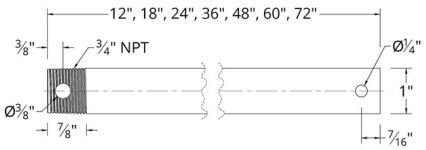

By Modern Forms

Description

The Fan Downrod is compatible with Modern Forms downrod fans and can be used to extend ceiling fan height. It has a 1 inch outer diameter and 0.75 inch inner diameter, and is available in many lengths and finishes to match your fan. Downrods can be joined together using the Modern Fans downrod coupler, and can also be cut in the field to shorten. The rod is threaded on the motor end for added security and simple, precise field adjustment. Note: Some finishes are not available in every size.
