## Thin-Line One-Sided Wall Light

By SONNEMAN - A Way of Light

### Description

Sleek and minimal in form, the Thin-Line Wall Light embodies geometric architectural style and integrates beautifully into modern spaces. Use it to illuminate a range of areas including commercial settings, living rooms, bathrooms, and hallways. It is made of aluminum with an optical acrylic diffuser and can be installed horizontally, vertically, or in any other orientation. One-sided directs light in a single direction, creating an uplight or downlight. Note: Thin-Line does not mount to a US junction box and the included LED driver must be installed in a remote accessible location near the fixture. The 36 inch fixture is not available in Bright Satin Aluminum. 36 Inch, 72 Inch and 96 Inch options available in 3000K only.
