Brisa 2000 Metal Ceiling Fan

By Matthews Fan Company

Description

The Matthews-Gerbar Brisa 2000 Metal Ceiling Fan is reminiscent of satellites orbiting a planet. The fan head and counterweight gently revolve 360 degrees around the spherical housing. The fan head can be infinitely positioned in 180 degree arcs for optimum air movement. The greater the angles of the motors to the horizontal support rods, up or down, the faster the axial rotation. A slow, controlled axial rotation is achieved by both fan head position and fan blade speed. The 360 degree rotation can circulate heat and air condition more effectively than traditional fans. Features a 31 degree blade pitch and 13 inch diameter per head. Includes a flat ceiling canopy, one 10 inch downrod, and a 3 speed Decora-style wall control in White. Limited lifetime warranty. Additional downrod lengths and vaulted ceiling canopy sold separately.

Specifications

COLOR	N/A
BODY FINISH	Polished Chrome
WATTAGE	N/A
DIMMER	N/A
DIMENSIONS	39"W x 20"H
BULB	N/A
COUNTRY OF ORIGIN	Brazil

Shown in polished chrome
