

BRAND Matthews Fan Company

DESCRIPTION

The Atlas Irene Hugger Ceiling Fan is rustic yet strikingly modern, with cleanly joined solid wood blades and a minimal cylindrical motor housing. Its streamlined profile with the warm, natural look of wood works beautifully in contemporary and transitional spaces. Equipped with a DC motor, the fan is energy efficient and ultra-quiet. A hand-held remote control and wall control are included, both able to turn the motor on/off and set 6 speeds and forward/reverse. For fans that have a light, the controls also turn the light on/off and dims it. Fans that have a light include a cap matching the housing finish for no-light use. Note: Some combinations of motor finish, blade color, and light option are not available.

Shown in: Matte Black / Walnut

SHADE COLOR	Walnut
BODY FINISH	Matte Black
WATTAGE	16W
