Yanzi Linear Suspension

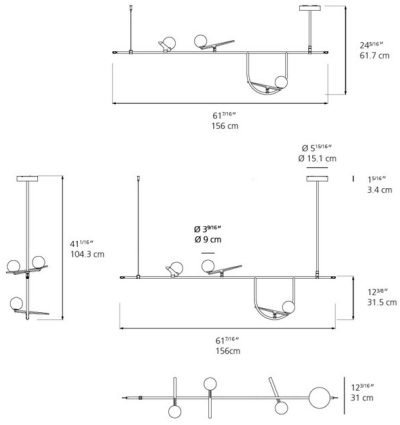

By Artemide

Description

The Yanzi Linear Suspension offers a sharp, modern aesthetic infused with a delightful touch of whimsy, destined to be a truly unique addition to any contemporary space. This captivating fixture features a slim, linear black steel body that artfully resembles a bird's perch, bringing an organic yet refined silhouette to your overhead lighting.Adding to its distinctive charm are three exquisite Opal glass orb diffusers, each meticulously set into brushed brass-finished bird bodies. Two of these enchanting birds gracefully perch atop the main rod, while the third rests elegantly in a loop hanging below, creating a dynamic and artful display.The harmonious blend of the sleek black steel, warm brushed brass, and soft opalescent glass makes the Yanzi Linear Suspension a sophisticated and eye-catching center-piece. It's ideal for illuminating long dining tables, kitchen islands, or expansive workspaces, providing both functional light and an unparalleled sense of design playfulness.
