Constellation Aquila Pendant

By SONNEMAN - A Way of Light

Description

Named for the mythological eagle that carried Zeus's thunderbolts, the Constellation Aquila Pendant is a stunning sculptural configuration of rods dotted with star-like LED lights. Hang the Aquila as a single suspension or use multiple to form spectacular arrangements across your space. Two sizes are available, Aquila Minor (25.75 inch diameter) and Aquila Major (37.25 inch), and the LED hubs are available with clear faceted acrylic lenses or white optical acrylic lenses. Note: The included power supply (driver) must be installed in an accessible remote location. 2200K color temperature available in Espresso Black finish only.
