Bloom Table Lamp

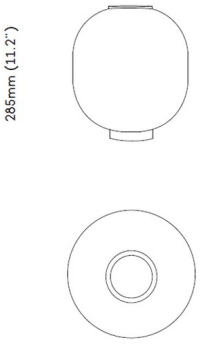

By Resident

Description

The Bloom Table Lamp designed by Tim Rundle, is inspired by the gentle dynamic flow of paper lanterns, resulting in transparency and light. Two contrasting materials, a finely perforated mesh core and frosted blown glass, combine to project a soft focus texture onto the inside of the shade. Bloom's distinct character is evident both in its on and off state, creating a versatile piece. Available with a White or Textured Black shade and a Black finish. Includes a 6.5 foot cord.

Shown in nickel / white

Specifications
