## Bloom Table Lamp

By Resident Lighting

### Description

The Bloom Table Lamp designed by Tim Rundle, is inspired by the gentle dynamic flow of paper lanterns, resulting in transparency and light. Two contrasting materials, a finely perforated mesh core and frosted blown glass, combine to project a soft focus texture onto the inside of the shade. Bloom's distinct character is evident both in its on and off state, creating a versatile piece. Available with a White or Textured Black shade and a Black finish. Includes a 6.5 foot cord.
