Verge Corner 6W RGB Plaster-In System

By PureEdge Lighting

Description

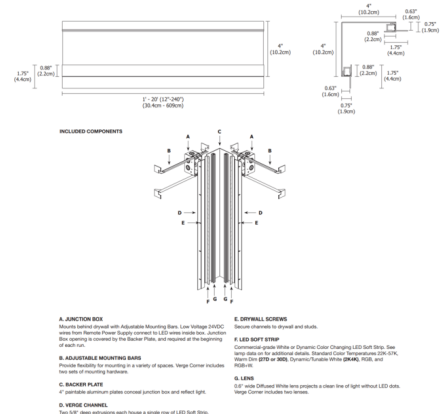

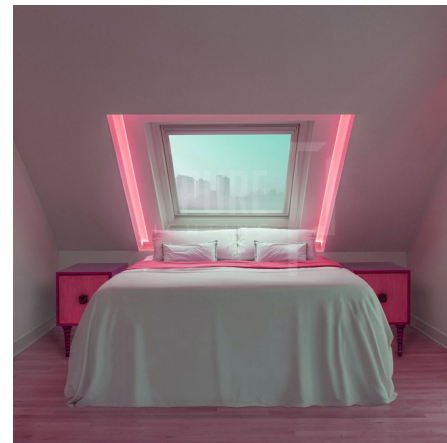

Verge Corner RGB (Red-Blue-Green) features an innovative design that mounts directly to wall studs or ceiling joists without any modification, and is recessed and plastered into 5/8 inch drywall. The Verge system creates visually interesting and dramatic illumination by highlighting the inside corners of two drywall surfaces. Sold in 5 foot increments up to 35 feet and is field-cuttable. Features a 4 inch paintable backer plate. System may be controlled with a Dynamic Color Changing (DMX) power supply, sold separately. Controllers include a CTP Touch Screen Controller, CDP Color Dial Controller, or CDMX1-RGBW Touch Controller. Included components: Verge Corner Channels, Junction Box, Adjustable Mounting Bars, Verge Wall Channel(s), Drywall Screws, LED Soft Strip, and Lens (es). A VG-1RE-JBOX rough-in junction box is available to rough-in electrical before drywall installation (included and sold separately). ETL listed. Includes a 5-year pro-rated warranty. Required power supply, controller, and optional accessories sold separately.
