Copernico Suspension

By Artemide

Description

Behold the Copernico Suspension, a revolutionary lighting fixture that transcends traditional design to become a dynamic, interactive sculpture of light. This awe-inspiring piece features nine concentric mobile ellipses, crafted from durable Aluminum. The true genius of Copernico lies in its functionality: these ellipses rotate independently on two axes, providing an unprecedented ability to direct light emission with precision. This allows for numerous spatial configurations to be obtained simultaneously, transforming the light's appearance and output. When fully closed, the fixture becomes completely flat, offering a striking minimalist aesthetic. It provides general light distribution, creating a versatile and captivating glow. UL listed for safety, customers consistently describe it as mesmerizing, innovative, and a true work of art. Ideal for grand living rooms, modern dining areas, or architectural spaces, the Copernico Suspension is a masterpiece of contemporary design, offering both breathtaking visual appeal and adaptable illumination.

Specifications

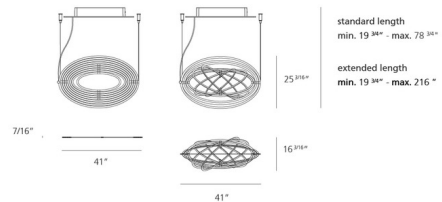

COLOR	N/A
BODY FINISH	Black
WATTAGE	30W
DIMMER	Low Voltage Electronic
DIMENSIONS	41"L x 16.2"W x 25.2"H
INTEGRATED LED MODULE	1 x LED/30W/120-277V LED
COUNTRY OF ORIGIN	Italy

Technical Information

LAMP LIFE	50000 hours
COLOR RENDERING	80 CRI
LAMP COLOR	3000K
LUMENS/WATT	84.97
LUMINOUS FLUX	2549 lumens

Shown in black
