Castore Floor Lamp

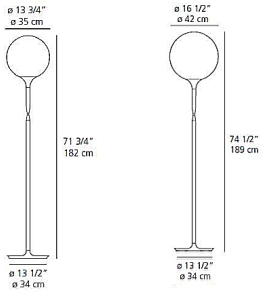

By Artemide

Description

Illuminate your living space with the refined elegance of the Castore Floor Lamp, a captivating fixture that embodies modern sophistication and masterful craftsmanship. This lamp features a exquisite diffuser in white hand-blown Venetian glass with an external etched finish, creating a beautifully soft and diffused light that transforms any room. The ingenious design includes a steel tubing upper stem section covered by a tapered sleeve in white translucent molded polycarbonate, allowing for partial, gentle diffusion of light from the diffuser itself. The lower stem section is crafted from steel tubing with a matte white powder coated finish, ensuring both durability and a clean, contemporary aesthetic. A convenient touch dimmer is activated by a chrome steel ring positioned elegantly between the upper and lower stem sections, offering seamless control over your illumination. Available in small or large size options, the Castore provides a perfect fit for any space. Customers consistently praise its stunning diffused light and understated elegance, making it a beloved choice for living rooms, reading nooks, and entryways seeking a truly contemporary and refined lighting solution.
