6D Series 24V LED Disc Undercabinet Light By Kichler

Description

The 6D Series 24V LED Disc Undercabinet Light will create a stunning lighting effect within glass-faced cabinets or above small, niche spaces. This compact, low-voltage light offers significant, yet gently diffused light output, and works with the Kichler 24V power supplies to create a beautiful lighting system. Its sturdy design and Textured Black, or Textured White finish with Frosted glass lens can install as either a recessed or surface mounted fixture based on the application. Available in 2700K or 3000K version. ETL listed. Suitable for damp locations. Requires enclosed cabinets to be minimum of 12 inchW x 12 inchH x 12 inchD. Required LED driver, sold separately. NOTE: Textured Black is no longer available in 2700K.
