Adorne SofTap 0-10V Dimmer

By Legrand Adorne

Description

The adorne SofTap 0-10V Dimmer can be used on its own to control a light from one location (single pole operation) or pair with a 3-way switch to control a single light source from two locations (three-way operation). Features a unique paddle to adjust light levels. Available in White, Graphite or Magnesium finish. Fits existing electrical box and does not require new wires for typical installation. Designed to support fluorescent and LED loads. Includes a Locator Status Light which adds illumination and makes it easier to locate in the dark. Requires Adorne wall plate, sold separately.
