## Kable Lite Center Power Dual Feed Canopy By Visual Comfort Architectural

## Description

Center Power Feeds are generally used to bring power to a Kable Lite system when the transformer or canopy cannot be located directly above the run. The Kable Lite Center Power Dual Feed Canopy can be used anywhere within the run and includes a removable 4 inch round canopy and 12 feet of field-cuttable softwire leads. Specify dual-feed when using a dual-feed transformer. Dual-feed canopy includes isolating connectors. Finish in Satin Nickel.

Shown in satin nickel
