Arrangements Round Large Three Element Suspension By FLOS

Description

Inspired by the parallels that exist between lighting and jewelry, Arrangements is a modular system of geometric light elements that can be combined in different ways, creating multiple compositions into individual chandeliers. Each unit simply attaches onto the previous one as if resting, balancing perfectly as a part of a glowing chain. Includes one Round Large, one Round Small, and one Line element. Contact designs@lightology.com to design your own Arrangements. Dims via 0-10V dimming. In the absence of additional wiring required for 0-10V dimming, the fixture may be dimmed directly from the canopy.
