DESCRIPTION

The Melt Mega is obsessed with the idea of creating an imperfect, organic and naturalistic lighting object. Created in collaboration with FRONT, a Swedish design collective. Melt is evocative of molten glass, the interior of a melting glacier, or images of deep space. It features an arrangement of 11 pendants in varying sizes to create a truly fascinating piece. Available finished in Chrome, Gold, Smoke, or Copper. When turned on, the pendant becomes a translucent textured color. UL and CUL listed.
