Room Director

By Noon Home

Description

The NOON Home Room Director wirelessly coordinates light in beautiful, complementary levels. Only NOON automatically creates scenes by blending the lights that are already in your room. Or create custom scenes to match the mood or enhance any activity. Up to 6 scenes per Room Director. NOON automatically identifies your existing bulb types and configures itself for smooth dimming, without buzz or flicker. One swipe of the Room Director transforms the look of an entire room. With a lighting designer built in, your lights will do things they've never done before. Easily replaces your existing light switch. Control from anywhere. 802.11b/g/n 2.4 GHz WiFi Bluetooth Low Energy. Motion-sensor to activate Night Light. Control up to 10 NOON Extension Switches. Requires four wire installation. Glass touch screen with OLED display. Mechanical click for lights on/off
