# Baci Senior Tilt Swivel Mirror

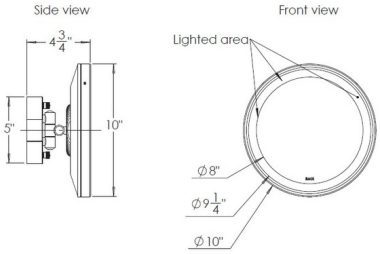

By Remcraft Lighting

## Description

Baci Senior Tilt Swivel Mirror has a solid brass construction and optical quality 5x magnification glass mirror with high power natural white LED lighting. Baci Senior LED Mirrors are available with an optional feature that allows the user to adjust the color of the light output from the soft warm shades of an incandescent lamp to the bright cool white of the noon sky - 2800K to 4800K. Thus you can apply your make-up to look your best in any environment from a candlelit dinner to a snowy ski run. To alter the hue of the light, simply press one of the buttons on the back of the mirror. The top button makes the color warmer and the bottom button makes it cooler. To change the light in small increments, tap the button. If you hold the button down it will change continuously as it cycles through the full extent of the range in the direction selected. When the light reaches the end of its range, press the other button to smoothly transition in the opposite direction. Do not press both buttons at the same time.Finishes in Satin Nickel, Polished Nickel, Bronze, Polished Brass, or Polished Chrome. Damp location rated. UL listed.

Shown in satin nickel / mirror
