Splitty Wall Light By Koncept Lighting

Description

One of Koncept's most flexible lights, the Splitty Wall Light is named after its unique joint design. Designers Kenneth and Edmund Ng perfected the diffused light source with hidden LEDs so that the lamp performs as a radiant ambient light as well as a functional task light. Charge your phone or other USB-compatible products with the built-in 1A USB port on the base. Splitty is controlled by the indented on/off button on the top of the LED head. Simply press and hold the button to control the brightness. Available in Silver, Matte White, or Matte Black. Option for hardwired wall mount, plug-in wall mount, or slatwall mount. Hardwired mounting includes both square and round face plate. UL listed.
