## Ledur Under Cabinet Light

By Nora Lighting

### Description

The Ledur 120 Volt Under Cabinet LED lighting series allows for easy retrofitting of existing fluorescent, incandescent, halogen or xenon undercabinet lights. Available in 3000K color temperature. Ledur's built-in electronic LED driver and large knockout plate makes for easy installation in retrofit or new construction applications. Features edge-lit design to eliminate diode image and a frosted lens to soften the light output. Linkable up to 400 watts. Included components: (1) Ledur Under Cabinet Light, (1) End-to-End Connector (NUA-803), (1) On/Off Rocker Switch. Dimmable with an electronic low voltage or TRIAC dimmer, sold separately (see attached manufacturer reference for dimmer compatibility). Mounting accessories sold separately.
