Ledur Under Cabinet Light By Nora Lighting

Description

The Ledur 120 Volt Under Cabinet LED lighting series allows for easy retrofitting of existing fluorescent, incandescent, halogen or xenon undercabinet lights. Available in 3000K color temperature. Ledur's built-in electronic LED driver and large knockout plate makes for easy installation in retrofit or new construction applications. Features edge-lit design to eliminate diode image and a frosted lens to soften the light output. Linkable up to 400 watts. Included components: (1) Ledur Under Cabinet Light, (1) End-to-End Connector (NUA-803), (1) On/ Off Rocker Switch. Dimmable with an electronic low voltage or TRIAC dimmer, sold separately (see attached manufacturer reference for dimmer compatibility). Mounting accessories sold separately.
