Ledur Color Select 120V Edge-Lit Under Cabinet By Nora Lighting

Description

The Ledur Color Select 120 Volt Under Cabinet LED lighting series uses edge-lit placement of diodes to give a uniform reflectance of light. Fixture allows the end user to select between kelvin temperature (2700K, 3000K, 3500K, 4000K or 5000K) at any time. Features integral electronic dimmable LED driver and built-in on/off rocker switch. Fixtures linkable up to 400 watts. Included components: Ledur Under Cabinet Light, end to end connector, mounting hardware, 1/2 inch die-cast metallic cable clamp, and lumen output switch and color temperature switch. Integral dimmable driver with TRIAC and ELV dimming. Optional mounting accessories sold separately.
