Chevron Bone Table Lamp

By Regina Andrew

Description

The idea for this stunning lamp arose while exploring markets in the Northern Gangetic Plains of India, close to foothills of the Himalayas. Chevron patterns emerged as a market motif, peppered on many flat surfaces, giving our team the idea to explore the pattern on a rounded surface. On the Chevron Bone Table Lamp, each piece of bone is cut into a specific size and shape, then glued to cover the entire base, a work of art all its own. All the elements of this unique lamp come together perfectly: the intricate inlaid bone, the classic chevron pattern, the soft shape, the Linen shade. Includes 8 feet of clear cord and 3 way switch. CSA and UL listed.

Shown in indigo / white / natural linen
