## Under the Bell Pendant By Muuto

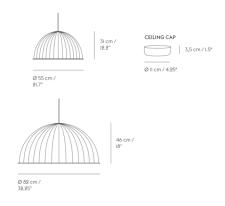

## Description

The Under The Bell Pendant serves to both provide ambient light and to enhance the acoustics of a room with its recycled plastic felted appearance shade and rubber cord. A large sheet of PET material is heated in a mold and pressed into shape. Under The Bell is an example of modern design with hints to Scandinavian values. The lamp blends effortlessly into open spaces in restaurants, hotels, work environments, and education institutions.

Shown in grey
