# Tizio Classic LED Floor Lamp

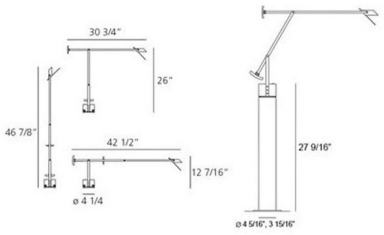

By Artemide

## Description

Experience the enduring brilliance of the Tizio design, now enhanced with cutting-edge LED technology, in the Tizio Classic LED Floor Lamp. This iconic fixture features a stable floor support in lacquered steel with a snap-in adapter kit in molded thermoplastic, ensuring secure placement. An incorporated low voltage transformer and a two-intensity on/off switch provide convenient control. The lamp boasts fully adjustable arms crafted from anti-corrosion treated aluminum, offering exceptional reach and precise positioning. Distinctive chromed steel arm spacer bars with bold red, molded thermoplastic insulators, and meticulously balanced zinc alloy counterweights ensure effortless articulation and striking visual appeal. The adjustable diffuser, made from die-cast aluminum with an inner high efficiency reflector in anodized aluminum and UV protective glass, guarantees optimal light output. A 360-degree rotatable base further enhances its versatility. Available in a timeless Black finish, a convenient dimmer is located on the base for seamless brightness control. UL listed for safety, customers consistently laud its iconic design, incredible adjustability, and energy-efficient illumination, making it a cornerstone for designers, architects, and anyone seeking a superior and stylish floor lamp that blends contemporary with transitional elements.
