Soscik Chandelier

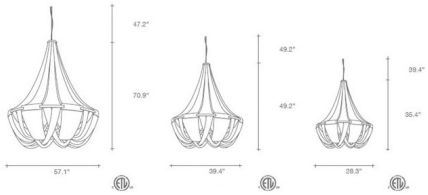

By Terzani USA

Description

The Soscik Chandelier, designed by Nicolas Terzani, combines traditional, artisan techniques with cutting-edge technology giving a classic chandelier a modern look. Created by interlacing metal chain over a round metal frame, it creates a dramatic and romantic effect, but also complements today's modern look. It proves that modern design does not have to sacrifice luxury. Note: Due to the weight of the fixture, additional ceiling support is required.

Shown in nickel
