Soscik Ceiling Light

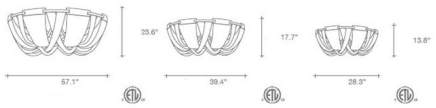

By Terzani USA

Description

The Soscik Ceiling Light, designed by Nicolas Terzani, combines traditional, artisanal techniques with cutting-edge technology giving a classic chandelier a modern look. Created by interlacing metal chain over a round frame, it creates a dramatic and romantic effect, but also complements today's modern look. It proves that modern design does not have to sacrifice luxury. Note: Due to the weight of the fixture, the 39.4 and 59.1 inch sizes require additional ceiling support.
