Wall Monorail 4 In Round Power Feed Canopy w/LED Transformer

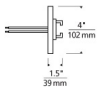

By Visual Comfort Architectural

Description

This single-feed flush canopy with electronic LED transformer converts standard 120 line-voltage to 12 volts to provide the necessary voltage for powering a Wall Monorail low-voltage lighting system. Finish available in Satin Nickel or Antique Bronze. It can power lamps totaling up to 60 watts. The transformer, concealed by a decorative canopy, fits in junction box and features a fast acting secondary circuit breaker that will safely turn the system off should a short occur. Once the short has been removed the unit can be reset by simply flipping the wall switch off and back on. ETL listed. 4 inch diameter x 1.5 inch depth.

Shown in satin nickel
