NH Linear Suspension

By Artemide

Description

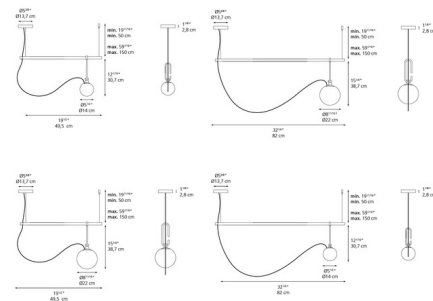

The NH Linear Suspension, designed by the visionary Neri & Hu, is a testament to modern elegance and sustainable design. This captivating fixture features a pristine white blown glass sphere gracefully resting upon a sophisticated brushed brass ring, all suspended from a slender black arm. This harmonious interplay of materials—the ethereal glow of glass, the warmth of brass, and the clean lines of black metal—creates a truly refined statement piece that's sure to elevate your contemporary space. Beyond its stunning aesthetics, the NH Linear Suspension is thoughtfully engineered for eco-conscious living. It's designed to accommodate a low-consumption retrofit LED light source, delivering brilliant illumination while significantly minimizing environmental impact. Even its packaging reflects this commitment, crafted from sustainable cardboard. Imagine this sculptural linear suspension gracing your dining table, illuminating a long kitchen island, or defining a sophisticated workspace. Its adaptable design and warm radiance promise to transform any environment into a haven of modern luxury, making it a favorite for its minimalist beauty and the soft, inviting glow it casts.
