## NH S3 Suspension

By Artemide

### Description

Introducing the NH S3 Suspension, an exquisite multi-sphere chandelier conceived by the renowned design duo Neri & Hu. This piece transcends mere lighting; it's a dynamic sculpture that brings a touch of art and sustainable elegance to any grand space. Three pristine white blown glass spheres, each nestled within a gleaming gold ring, elegantly descend from adjustable arms. This thoughtful composition allows for personalized arrangement, creating a truly unique focal point in your interior. The juxtaposition of delicate glass with the warm allure of gold, all supported by a sophisticated framework, speaks volumes about its refined craftsmanship. Embracing a commitment to the planet, the NH S3 Suspension is designed for low-consumption retrofit LED light sources, ensuring energy efficiency without compromising on brilliant illumination. Its eco-friendly cardboard packaging further underscores a dedication to responsible design. This three-light suspension is ideal for making a dramatic statement over a spacious dining area, anchoring a living room with elevated style, or adding a touch of modern luxury to an entry foyer, consistently drawing praise for its architectural elegance and soft, ambient glow.

Shown in brushed brass / white
