

DESIGNER Matteo Thun
BRAND Leucos

DESCRIPTION

A minimal design that seems to float delicately in your space, Sphera is made of handblown Italian glass. Matteo Thun designed Sphera in 2000 as a simple, slightly flattened oval shape that emphasizes the remarkable quality that goes into each of their productions. Sphera uses a technique called incamiciato, where Italian Maestro glass blowers use multiple layers of glass, each of different transparencies and properties, to create a rich satin white finish that is strong and provides perfect diffused light in your space. Available in two sizes. ETL listed.
