Wifi Module for UCX Pro Undercabinet Light By Koncept Lighting

Description

With the option Wifi Module for UCX Pro, remotely control one or more of your UCX Pro undercabinet lights with your phone. You can remotely control temperature, brightness settings, or on/off scheduling, and with use of the personal detection feature your lights will automatically turn on and off with your set schedule and power off when you leave. Available finished in silver. Only compatible with UCX Pro series.
