

BRAND Visual Comfort Architectural

DESCRIPTION

The Reflections 120V 6 Inch Skye Retrofit Flanged Indirect Downlight infuses design with style and taste to become an architectural component. Upgrades most incandescent 6 inch recessed downlights with a medium base (E26) socket. Skye is molded with embossed design details and lives simply unadorned, where pure, reduced-glare indirect illumination is the ideal solution. Dome acts as a reflector to a completely hidden ring of LEDs delivering indirect illumination. Includes retrofit housing. Dimmable with an electronic low voltage or TRIAC dimmer, sold separately.
