Reflections 6IN Dune Retrofit Flanged Indirect Downlight

By Visual Comfort Architectural

Description

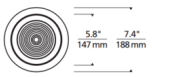

The Reflections 120V 6 Inch Dune Retrofit Flanged Indirect Downlight infuses design with style and taste to become an architectural component. Upgrades most incandescent 6 inch recessed downlights with a medium base (E26) socket. Dune is molded with embossed design details creating concentric rings of reflected light reminiscent of rippling water or waves of sand. Dome acts as a reflector to a completely hidden ring of LEDs delivering indirect illumination. Includes retrofit housing. Dimmable with an electronic low voltage or TRIAC dimmer, sold separately.
