Gople Pendant

By Artemide

Description

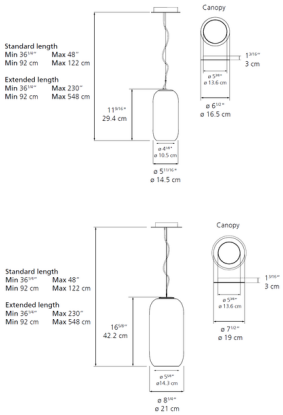

The Gople Pendant by Artemide, a design born from the collaboration with Bjarke Ingels Group (BIG), showcases the enduring beauty of artisanal craftsmanship. This suspension light is a celebration of Murano's ancient Venetian glassblowing techniques, creating a unique and welcoming ambiance wherever it hangs.At its heart is a distinct pill-shaped glass diffuser, meticulously hand-blown by master artisans in Murano. The inherent artistry of this glass ensures that each Gople pendant possesses a subtle, unique character, making it truly one-of-a-kind. The graceful shape of the glass masterfully diffuses the light, providing a soft, consistent glow that fosters a comfortable and inviting atmosphere in any room. The Gople Pendant is remarkably versatile, available with a standard or extended length cord and a choice of a black or chrome canopy. Please note that the stunning Silver Gradient shade color is exclusively available with the chrome canopy, offering a sophisticated pairing. This fixture seamlessly blends traditional artistry with modern design.
