**DESCRIPTION**

Plinth Tall Marble Table designed by Norm Architects, is as versatile as it is timeless. Serves the dual purpose of being a beautiful, sculptural piece on its own and highlighting whatever objects rest upon it. The honed marble carries an air of sophistication and elegance to elevate any space. The heaviness of the Plinth marble stands in contrast to the honed surface; light bounces off of the angles and falls across the tops, producing a spotlight-effect in any space. Though the lines of the podiums are sharp and clean, the naturalness of the marble is at the forefront of its visual identity, creating an intriguing contrast within each piece. Available in White Carrera marble, Black Marquina marble, Rose marble or Brown Grey Kendzo marble. Treated with a sealer for surface protection.
