BuzziPleat Pendant with Globe Light

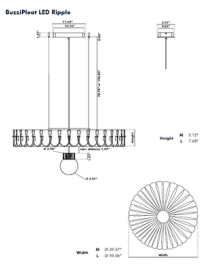

By BuzziSpace

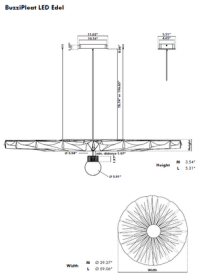

Description

The BuzziPleat Pendant offers a striking dynamic look that combines traditional fashion design techniques with modern acoustic performance. Featuring large architectural folds that mimic smocking, the large-scale design is lightweight and serves to both absorb high and mid tones, as well as diffuse light. At the center the BuzziSol light provides a nice warm glow, complete with a Black powder coated heat sink and canopy and aluminum cables. Available in two sizes with a Ripple or Edel pleat and choice of Stone Grey, Anthracite, Off White or Lime felt with Black lace stitching or an Off White felt shade with White lace stitching.

Shown in black / stone grey felt / black lace
